RAILROADS.

WATERTOWN DIVISION OF THE MILWAUKEE & LA CROSSE R.R.

Change of Time.

ON AND AFTER Monday, Oct. 6, 1856, passenger trains will leave Milwaukee twice a day, as follows:

At 7.15 a. m., arriving at Watertown at 11 a. m., and at 5.55 p. m., arriving at Watertown at 9 p. M.

Going East leaves Watertown at 6:45 a. m., arriving at Milwaukee at 10 a. m., and at 2.30 p. m., arriving at Milwaukee at 5.50 p. m..

All the trains make direct connections with the trains of the Mil. & Miss. R. R., at the Junction, taking passengers to Madison, Janesville, etc., and from those places to Watertown. The morning train from Watertown connects with the Trains of the Lake Shore Road, and the evening Train with steamers for Chicago. Stages run in connection with the Cars at Watertown, for Madison, Jefferson, Portland, Columbus, Sun Prairie, Portage City, and all principal points west and north west.

oct7 BYRON KILBOURN, Supt.

MILWAUKEE & MISSISSIPPI R. R.

FALL ARRANGEMENT.

ON AND AFTER October 6th, 1856, the trains will run between Milwaukee, Janesville, Madison and Muscoda, which is 150 miles West of Milwaukee and 30 miles from Prairie du Chien, as follows:

LEAVE MILWAUKEE

At 5 30 a. m., connecting at Milton with the train from Chicago on the St. Paul R. R., arriving at Madison at 1.80 p. m., and at Muscoda at 6.00 p. m.

Leave Milwaukee also at 4 p. m., connecting at Milton with the train from Chicago, and arriving at Madison at 9 p. m.

LEAVE MADISON.

At 7.00 a. m., connecting at Janesville with the St. Paul train from Chicago, and arriving at Milwaukee at 12 m. By this train passengers have time to dine in Milwaukee and reach Chicago by the Lake Shore R. R. in time for the 9 p. m. trains going East.

LEAVE MUSCODA

At 10 a. m., arrive in Madison at 1.80 p. m.; dine, and take the 8 p. m. train for Janesville, where it connects with the St. Paul train for Chicago; and arrives in Milwaukee at 8 p. m., in time for the 9 p. m. Boats to Chicago; arriving there in time to take the early morning trains going East.

The morning train from Milwaukee takes passengers from Milwaukee and Chicago through to Muscoda, where they connect with Davis & Moore's Stages for Prairie du Chien.

This is already the shortest and cheapest route to the Upper Mississippi.

A train leaves Madison at 8 a. m. for Muscoda, and returns, leaving Muscoda at 4.80 p. m., on the arrival of the Stages from Prairie du Chien. By this arrangement, passengers leaving Prairie du Chien in the morning reach Madison at 7 p. m. of the same day.

Passengers who leave Madison at 7 a. m. via Janesville and St. Paul R. R. arrive in Chicago in time for the 3½ p. m. trains East.

Passengers by Davis & Moore's Stages will be conveyed to and from the several stations on the arrival and departure of the Cars, to Galena, Mineral Point, Dodgeville, Richland City, Baraboo and Sauk City.

Later from Europe.

The *Baltic*, with several days later dates from Europe, arrived at New York yesterday. The news is of but little importance. Political affairs were quiet. Breadstuffs slightly lower. Money matters unchanged. The assassin of the Archbishop of Paris has been tried and condemned.—Lord Napier, the new British Minister to the U. S., was expected to sail for New York about the middle of February. He will doubtless reach Washington about the 4th of March.

☞ A paragraph having been accidentally omitted in the communication of O. P. Q. yesterday, we republish it, corrected, to-day.

The News and the Senatorship.

The *News* persists in making itself unhappy over the election of Judge Doolittle to the U. S. Senate, and obstinately repels our neighborly efforts to comfort it, under this afflictive political dispensation. It is angry with the Republican Legislature for presuming to elect Judge Doolittle, without first obtaining its gracious permission; more angry with the Judge himself for venturing to think that he was duly elected, in spite of its positive interdict; and most angry with Judge Larrabee, for daring to put himself "at variance with the democracy of the State" on this question, after the *News* had, upon "a sober second thought," decided and declared what the said "democracy" really thought in the premises, and when therefore every good party man was naturally expected to "hear and obey" this special edict.

The *News*, moreover, is exceedingly troubled by the awkward fact that in the early stage of the discussion, before a party caucus had settled which side the sham democracy were to take, it had positively pronounced the Constitutional proviso inapplicable to Judge Doolittle, and had authoritatively declared that gentleman to be eligible to the U. S. Senate. But the most vexing circumstance, after all, appears to be, that the *Sentinel* chooses to entertain and express its own views on this question, instead of endorsing and adopting those of the *News*. We respectfully submit, however, that we have two good reasons for this course—first, that we think our view of the matter the right one, and secondly, that the *News* has favored us with *two* opinions—the one directly at variance with the other—and that we are honestly in doubt which of the two the *News* means to stick by. If our neighbor will clear up this doubt satisfactorily, it will then afford us great pleasure to give its views—that is, the set which it shall finally conclude to adopt—our most favorable consideration. Meanwhile, if it be true, as the *News* of yesterday ingenuously confesses, that "the sore shin story of Col. C——" rushes on its memory, whenever it treats of this topic, we affectionately suggest that it seek relief by giving its "shins" a little rest and its readers a show of mercy.—They must be as sick of the subject, by this time, as the *News* manifestly is.

The Case of the Kansas Jeffries.

It is two months, or more, since the telegraph announced that Mr. Pierce, under the irresistible pressure of public opinion, had removed from office the infamous Chief Justice Lecompte, of Kansas, and appointed in his stead, a lawyer of good repute, Mr. Harrison, of Kentucky. The Northern press, without distinction of party, applauded this act of tardy justice and gave the President credit accordingly. It appears, however, that we spoke too quick. The Kansas Jeffries is not removed, nor likely to be. True, the nomination of Mr. Harrison, as the successor of Lecompte, was sent into the Senate months ago, but it is not yet confirmed and meanwhile Lecompte retains his office. The following telegraphic despatch to the N. Y. *Courier and Enquirer* tells the story:

WASHINGTON, Friday, Jan. 30.

The Senate debated for three hours to-day, with great excitement and acrimony, the nomination of Harrison over Judge Lecompte, of Kansas. The nomination will be *withdrawn or rejected.*

The South sustains Lecompte to a man. Lecompte is still acting. It is apparent that his removal was a premeditated deception.

☞ In our article of yesterday morning, on U. S. Senator, the following *typographical* error occurred: "Till the principle of popular sovereignty was incorporated into the creed of the *American* party." For *American* read *Democratic.—News, of yesterday.*

A very natural mistake. The alliance between the Know Nothings and Sham Democracy is now so intimate, that it is no wonder the *News* should use the terms "*American*" and "*Democratic*" indiscriminately. But what funny types to read "*American*," when the editor wrote (he says) "*Democratic.*"

Giving Credit.—The West Bend *Democrat* complains that portions of a Railroad article (relative to the "Air Line") in that paper, some few days since, were copied into the *Wisconsin* with the wrong credit, and into the *Sentinel* without any credit at all. If the *Democrat* will refer to the *Sentinel* of the day after the extract referred to was published by us, it will discover that due credit was given to our Washington County cotemporary. The omission to do so, in the first place, was purely accidental, and amends made at the earliest opportunity.

"Looking over the Goods."—Busy bodies of the democratic party, are anxious to aid the new President elect, in the discharge of his duties touching government officers in Wisconsin Among others, Gen. John A. Brown of the Badger State, assures Mr. Buchanan, that it will be his duty forthwith to remove all the appointees of President Pierce, and substitute such as the Gen'l and his friends shall name. Gen. Brown is an expectant in hope:—has doubtless looked over the wares and made his selections:—possibly may have an eye to the north:—all right Gen'l: we shall be governed accordingly.—*Stevens Point Pinery,* (Dem.)

Our brother of the *Pinery*, Gen. Ellis, holds a good office (and long may he enjoy it!) while our other military brother of the *Badger State* does not, though abundantly deserving. We beg to offer our services as mediator in this case, and if our offer is accepted, we shall decree that Gen. Ellis keep what he has got, and that Gen. Brown get what he can.

Land Sales at Stevens Point.—We learn from the *Pinery* of January 29, that the sales of Government lands at the Stevens Point Land Office for the year 1856, were as follows:

1st quarter,	76,915 04	acres.
2nd "	124,834 63	"
3d "	189,131 96	"
4th "	209,671 01	"
Total,	600,552 75	

The Winter Down South.—Skating at New Orleans and Mobile, sleighing in the Carolinas, six feet drifts at Richmond, the river frozen over, mercury "a fraction below zero" at Cheraw, S. C., chickens and pigeons frozen to death in all the Southern States, are some of the items that came in the enormous mail just received after the late dissolution of the Union by the snow.

Something about Gas.

As the subject of *Gas* is creating some sensation in the city at this time, it may not be out of place to give a short account of its "rise and progress," together with a few remarks on its manufacture.

In 1788, Dr. Clayton, of Great Britain, discovered that bituminous coal subjected to red heat in an air tight vessel, afforded an air similar to the fire damp of mines, but which burned much more brightly. No use was made of the discovery till Murdock, in 1792, generated gas from coal in a small iron retort, and conveyed it into a gasometer, from whence it was distributed through pipes to light his house and office, at Redruth, Cornwall, England. His success encouraged him to go to London and endeavor to raise a company to light a part of the city, but when he made known his project there he met with only derision, and not till 1802 did he succeed in gaining sufficient public confidence to enable him to light a part of Bolton & Watts' foundry at Birmingham. In 1805 he lighted the cotton mills of Phillips & Lee at Manchester.—In 1809 a company was formed in London, and his grand ideas were partially carried out by lighting Pall Mall. In 1814, so great had been his success by perseverance in trampling down all objections and difficulties, that he had the supreme satisfaction of seeing gas generally used in London, 76 years after the first discovery of its illuminating properties, and 22 years after he had applied those properties to practical use.

Gas was introduced into the United States first at Baltimore, in 1821, and although a company was formed in New York in 1823, it was not introduced there till 1827. Now every city and almost every village of any importance in the Union is lighted by it.

Illuminating Gas is generated from various materials such as fat, oil, rosin, bituminous coal, &c.; the latter is most generally used because of the facility with which that material is obtained. If, during the progress of distillation, coal gas be examined, when the retorts are at a proper heat, in 100 parts it will be found to contain:

Olefiant Gas	13.
Carburetted Hydrogen	82.5
Carbonic Oxide	3.2
Azote	1.3
	100

When, however, the material is allowed to remain in the retorts too long, say five hours, there will be a greater volume of gas, but of much inferior quality and less specific gravity, and will therefore burn more rapidly and with a less brilliant light. If examined at this stage 100 parts will be found to contain:—

Carburetted Hydrogen	20
Carbonic Oxide	10
Hydrogen	60
Azote	10
	100

The Hydrogen will be more or less sulphuretted according to the amount of pyritous matter in the coal. The Olefiant gas disappears and the Hydrogen predominates largely, while the Carbonic Oxide has increased more than three fold. Owing to the absence of the Olefiant gas, and the various volatile hydro-carbonic gasses, the illuminating force of the light is very much impaired, and by the increase of Hydrogen, a very light gas, it is made to flow through the burners with greater rapidity.

The places where coal gas is manufactured become a nuisance when the lime used to purify the gas from sulphuretted Hydrogen is allowed to remain about the premises, filling the air with that disagreeable odor. The gas is offensive when not properly cleansed from this sulphuretted Hydrogen.

Pure Hydrogen burns with too feeble a flame to be employed for illuminating purposes, but carburetted hydrogen, having the property of precipitating its carbon in the act of burning, its solid particles become incandescent and diffuse a vivid light; the more carbon it contains the more brightly does it burn. This gas exists in two different states. In the first, *two* measures of Hydrogen are combined with *one* of carbon vapor, with a specific gravity of 0,559. Such is the gas evolved from decaying vegetable matter, and such, in a measure, is coal gas. In the second two measures of Hydrogen are combined with *two* of carbon vapor, with a specific gravity of 0,985; this is called Olefiant gas. It may also be called Oil gas, being generated from oil, fat, rosin, &c.

All gases for illuminating purposes are generated upon one grand principle, viz: the enclosing of the gas generating materials in an air tight box or retort, and subjecting this to a red heat. After being thus exposed for a short time, the gaseous vapor is disengaged and passing over and along the surface of red hot iron is decomposed, and flows off to the coolers and purifiers where the tar and other deleterious ingredients are deposited. To make good gas, it is necessary that the vapor should come in immediate contact with the red hot iron; the more thorough the contact is, the better is the gas, and that construction of the retort which forces the most perfect contact, is the most economical and best suited for generating gas. The retorts in general use for generating coal gas, are hollow cylinders laid horizontally in a furnace, the coal being put in at one end. As fast as the gas is evolved, it rises and passing through to the other end, goes off by a pipe to the condensers: a portion only of the vapor comes in contact with the red hot iron. This kind of retort was used in New York some years since, for the purpose of generating rosin gas, but was not adapted to that purpose. Those used by the Maryland Portable Gas Company are short cylinders set endwise in the furnace, with an arrangement for allowing a stream of rosin oil to flow down upon the bottom when heated red hot.

The retorts patented by Mr. Aubin of Albany, and used now for generating gas for several large factories and villages, are of an elliptical shape, with a loose bottom, which can be removed when burned out without displacing the retort. The top is easily removed by hand, and is made tight by a metallic seal, which preventing the escape of gas, allows the cover to be kept in place without bolts, or screws, or any other fastenings. The material for generating gas is placed in a charger nearly as large as the retort and tight at the top, but having a perforated bottom which is taken out to fill the charger. This charger when filled is set in the retort, and as soon as the gaseous vapor is generated, it flows through the holes to the bottom of the charger and passing under its edge, comes in immediate contact with the red-hot bottom and sides of the retort. At the same time a small quantity of steam is, by a peculiar arrangement, let into the retort at a high temperature, but low pressure, and passes with the gas through the pipes and condensers, &c. This steam keeps the retorts perfectly free from carbonaceous deposits. When coal has been used in this retort, from seven to eight feet of gas have been obtained where only four or five feet have been abstracted by the old retorts. When rosin is used, from ten to fifteen feet of gas are evolved for the pound. Rosin gas made by this process has been used for one and two years, and no indications of stoppages in the pipes have been seen, and indeed where they have been examined they have been found perfectly free and clear.

As *one* foot of Olefiant gas will burn almost, if not quite as long as *two* feet of coal gas, and costs the manufacturer about the same price per foot; it makes these generators very economical and worthy the attention of all parties interested in such matters, and more particularly as works for lighting a city or village will cost only about two-thirds as much as those erected upon the old plan. The citizens of a neighboring state, Michigan, have seen and examined this improved method of making gas, and the city of Kalamazoo is already putting up works upon this principle and other towns in the State are forming companies to follow in the spring.

FROM MADISON.

Editorial Correspondence of the Sentinel.

MADISON, Feb. 4, '57.

The members of the Assembly are getting very impatient on account of the delay in furnishing copies of the laws passed last year. It is really very bad that they are obliged to sit here considering bills for repealing some 20 or 30 of those laws, while the text is not yet furnished. How can members draw up their bills properly? And would it not be as well to repeal the whole batch, and leave a clean thing for the Revisers.

The democracy—most of them—in the Senate, though struggling hard, have not succeeded in preventing the Suffrage Bill from passing to an engrossment.

The memorial, asking for a grant of land to aid in the improvement of the Wisconsin River, has passed the Senate, but a resolution lies over till to-morrow to recall it, for some reason.

The resolution calling upon the Company which received the North Eastern Land Grant for a Report, passed to-day.

The resolutions on the subject of the inequality of apportionment of Congressmen under the present three-fifths slave representation, underwent a long discussion. It is wonderful to see to what lengths the northern democracy, as represented in the Senate, Messrs. Cook and Simpson taking the lead, are willing to go in sustaining the present unfair arrangement.

(By the way, talking of apportionments, why is there no movement to re-district our State, so that there shall be more equality in the Congressional districts. As it is now, two of the districts have each double the vote of the other; and we must have two more elections before the next census. Say that Ozaukee, Jefferson and Rock were added to the 1st district—how would *that* do?)

The Assembly general file and the supplies in possession of the committees were increased this morning by over twenty bills, and several resolutions, the subjects of the most important of which have been sent by telegraph.

ANOTHER CONTESTED SEAT.

The Committee on Elections made a majority report in the case of the contest by J. A. Markland (Dem.) for the seat occupied by George Strong, (Rep.) from the north-west district. Mr. Noggle is to make a minority report.

Mr. Markland claims on the ground that he received a majority of the votes, by counting some dozen votes for him, cast for "Markland," and "J. E. Markland." The Committee count for him these votes, and those of two of the counties (Douglas and La Pointe,) whose returns did not reach the place of the district canvass in time to be counted. It is said that the messenger sent from La Pointe to Hudson with the returns, perished with cold and was devoured by the wolves! The subject is made the special order for to-morrow.

AN ATTEMPT TO BE INDUSTRIOUS.

There being but sixteen days remaining before the day fixed upon for adjournment, Mr. Strong moved at an early hour to go into committee of the whole.

Several chairmen of committees desiring to make reports, the enthusiastic desire of members to get to business was thwarted, very unfortunately, and presently

WAUPACCA COMES UP AGAIN!

Mr. Robbins moving to reconsider the vote by which, yesterday, the Assembly referred the whole subject to the Committee on Elections again, and the resolution was carried, 43 to 37; and thereupon ensued a discussion, in which Messrs. Lovell, Spooner, Hutchinson, Noggle and Strong took part, and then the House refused, 38 to 43, to recommit the subject. Here was a distinct declaration on the part of the Assembly, that a majority was ready to decide the matter, some way or other, but the minority (Mr. Phillips' friends,) nevertheless continued the fight all day, amidst frequent protestations, made by themselves, of a desire to act fairly, and not waste time or money!

The Speaker here stated that the morning hour had expired, and that the subject must lie over unless the rules were suspended, although Mr. Mills contended that this, being a privileged question, has preference. (The Speaker for some time past, and henceforward, exhibited a decided bias towards the management of the minority.)

A MEMBER PROPOSED TO ADJOURN SINE DIE!

Mr. Conklin, at about 1 o'clock became disgusted, and moved to adjourn *sine die*. But the Assembly would only adjourn to 2½ P. M., at which time Mr. Tenney introduced a bill establishing the County Seat of Waupacca Co. at the town of Lind, and compelling the officers to return correct election lists there, under a penalty of 10 years in State prison. This introduced, and the appetite for Waupacca being excited, the subject was taken up again, and the House

VOTED TO SUSPEND THE RULES,

And finish the matter if possible.

Mr. Hutchinson now introduced an amendment containing two propositions, to wit:—that the Assembly has not sufficient evidence before it to establish either the right of Phillips or Perry,—and that *neither* is entitled to a seat.

WHAT THE ASSEMBLY DID ABOUT IT.

The votes taken thereafter were interspersed with various speeches, but I give the very decisive conclusions arrived at. The Assembly, then between 3 and 5½ P. M. voted:

That it *had* evidence enough to establish somebody's right.

That it *would not* recommit the subject.

(Mr. Horn moved to amend Mr. Hutchinson's amendment by a proposition that B. F. Phillips *is* elected. Mr. Strong raised a point of order that Mr. Hutchinson's proposition was an amendment to his (Strong's) amendment to the Committee's resolution, and was already in the 3d degree. The Speaker *so ruled*, and declared Mr. Horn out of order.)

The House further voted,—

That it *would not* say that neither Phillips nor Perry is entitled to a seat.

That it would have a call of the House.

That it *wouldn't* dispense with proceedings under the call.

That it wouldn't adjourn.

That it *would* dispense with proceedings under the call.

That it would have the previous question.

That E. P. Perry is *not* entitled to the seat.

That it would not pass Mr. Strong's series of resolutions, to which the question had come back.

That it would *not* adjourn.

And now it was proposed to introduce another resolution relative to the matter, when Mr. Strong insisted, and the Speaker *ruled*, that the whole matter was disposed of, as the resolutions just rejected had *taken the place* of the one reported from the Committee, notwithstanding, a short time before, he had ruled out Mr. Horn on the ground of their standing as amendments!

AS YOU WERE AGAIN.

So the Assembly, by the sharp tactics and good management of Mr. Phillips' friends, after spending another day, adjourned, leaving Mr. Phillips still in the seat, having taken no vote upon his right to it, but only having taken the matter out of the hands of the Committee.

Most lame and impotent conclusion!

Racine Fires in 1856.—During 1856 the number of fires which occurred in this city was 6. The total estimated damage, $8,000; and the number of false alarms was 9.—*Racine Journal.*

A Rival to Spurgeon.—Mr. Guinness has been started in Devonshire as a rival to Mr. Spurgeon. His admirers say, "he has a voice quite as powerful as Mr. Spurgeon's." What say the combatants in Bombastes Furioso?

"So have I heard on Afric's burning shore,
Another lion give a horrid roar;"
"So have I heard on Afric's burning shore,
Another lion give another roar;
And the first lion thought the last a bore."

We wonder what Mr. Spurgeon thinks of Mr. Guinness?

For the Sentinel.

Judge Larrabee vs. the News.

Messrs. Editors:—The *News*, in introducing Judge Larrabee's letter on the Senator question, says that the Judge's "premises are wrong, the first Constitutional Convention is misquoted by him," and that as the premises are wrong and the quotation wrong, the conclusion at which the Judge arrives must be wrong.

Now if the editor of the *News* has made a misstatement, and the Judge's quotations are *right*, then it follows that his conclusions are right.

On page 515 of the published proceedings of the first Convention will be found the provision reported by Mr. Baker, word for word, as the Judge quoted it.

On page 893 of the same work will be found the provisions introduced by Mr. Ryan, and in the constitution itself will be found *all* the provisions as reported by Mr. Baker, with no material change, and those introduced by Mr. Ryan, word for word.

Let the *News* examine the books next time, before it charges one of its correspondents with misquoting. The force of the Judge's argument cannot be weakened by misrepresentation. Try again, either principal editor, or assistant. One of you may *blunder* on the right.

Items from the Pineries.

The Stevens' Point *Pinery*, of the 29th of January, brings us a number of weather and other items from the "heart of Wisconsin." We copy a few of its paragraphs:

☞ A glance at our Commercial report to-day will show that there is not produce and provisions enough in this market to serve the necessities of the place for a week.

☞ The new flouring mills of John R. Mitchell, Esq., at Springville, have now been running for some weeks. Several of our neighbors have tried them—we have done so, and find they make a first best article of flour and give an honest yield to the bushel.

Lumbering.—The weather pendulum seems to vibrate weekly. Thermometer down again on Sunday morning the 25th, to 28 deg. below zero. It is up again, and weather moderate and pleasant. Our wood-boys wonder at the blockade of the roads below—they are all right in the pineries above, and bringing the forest monarchs in with good speed. The snow is deep, but in many respects the logging business is good—the supply for the season will be ample.

The Milwaukee & Horicon Rail Road.—Messrs. Richards & Bowen, directors on the Mil. & Horicon R. R. Co., left here yesterday. The object of their visit was, as we learn, to inform themselves of the amount of business actually doing on the Upper Wisconsin; to see whether it were sufficient to warrant the extension of a Railroad hither. They spent some days above, as high as Jenny Bull Falls. They found the amount of capital invested, and the business prosecuted, much greater than they had anticipated. So far as that is concerned, the Company will no longer doubt the good policy of extending their road with all possible haste to Jenny Bull Falls.

The Markets.—Commons appear to be decidedly short in the Pineries. Supplies light, owing to the snow blockade of the roads below; money scarce and prices high. The *Pinery* quotes Wheat $1,00; Corn Meal $2,25; Oats 60a65 cts; Potatoes 75 cts; Beef 8a9 cts per lb; Pork 11c do; Mess Pork $28,00 per bbl; Deer Skins, plenty, at 18a20c per lb; Money scarce, first class paper 2 per cent a month.—Exchange on Milwaukee 1 per cent, on N. Y. 1½ do.

The Pioneer Paper of the State.—Gen. Ellis states, in the last number of the *Pinery*, that Mr. Suydam and himself commenced the publication of the Green Bay *Intelligencer*, the pioneer paper of Wisconsin, in December 1832, at Green Bay. This was 24 years ago. Then Wisconsin had a population of some six or seven thousand souls and *one* newspaper. Now she counts 750,000 inhabitants and between sixty and seventy newspapers. Something of a change in a quarter century!

The Winter at Norfolk.—The *Southern Argus*, published at Norfolk, Va., says:—"On Saturday last, Jan. 24, belles and beaux, husbands and wives, parents and children, all crowded the thoroughfare on the ice, between Norfolk and Portsmouth. A booth was erected about midway of the journey, where thirsty souls imbibed the ardent, and a brisk trade was carried on beneath it. The ice is probably thicker in our harbor now than at any other period in the memory of man. In 1835, provisions were carried on the ice to the British sloop-of-war *Pantaloon*, and many skated to Lambert's Point. At that time a youth named House, who, with others, skated from Colley's wharf, to Ferry Point, was drowned near the place where the Pennsylvania now lies, he having left his companions and ventured alone that distance upon the Sothern Branch, where he broke through the ice. The harbor was then closed for a short time only, and a warm spell of weather coming on suddenly, accompanied with rain, quickly removed every vestige of ice.

Getting "Satisfaction."—A hostile meeting took place on the 19th inst., at New Orleans, between Packenham Le Blanc, Deputy Sheriff of the Supreme Court, and George White, a bookkeeper. The cause that led to this was the refusal of the Committee on Invitation of one of the public balls to issue a ticket of admittance for a friend of Mr. Packenham Le Blanc. The gentleman considering himself affronted, concluded to visit his displeasure on one of the committee, and chance was the cause of Mr. White being selected. He was met by Mr. Le Blanc, who spat in his face. The conditions of the duel being double barrelled shot guns, twenty paces, and to fire at the word. Two seconds of each gentleman were on the ground. The word was given, and Mr. Le Blanc fell mortally wounded, discharging his gun as he fell. His opponent, of course, was unhurt.

The Disease of the Late P. S. Brooks.—The doctors are discussing whether the late Preston S. Brooks, died of croup, spasm of the glottis, or some other sudden convulsion. The N. Y. *Times*, contains the following statement on the subject:

At the Pathological Society, on Wednesday evening, Dr. Alonzo Clark exhibited a specimen of *Œdema Glottidis*,—a comparatively rare disease,—remarking that persons who died of it were generally supposed to die of croup. Hon. Preston S. Brooks doubtless, died of this and not of croup as was reported. So probably, did George Washington. The effusion which proves fatal is the result of acute inflammation, and always comes on very rapidly. This is the disease which Dr. Buck, of this city, has successfully treated by scarifications. Several articles of his upon the subject have been published in the National Medical Transactions. The trouble is, however, to discover what the exact difficulty is,—the patient generally dying before it is recognised.

A Discomfited Diplomatist.—The Washington correspondent of the Boston Post relates the following characteristic anecdote of Mr. Marcy:

"I do not think I shall violate any confidence in giving an anecdote of Mr. Marcy current in society though I believe it has never been in print. It is known that during the enlistment controversy, and consequent difficulty with the English Minister, Mr. Crampton, the French Minister, M. de Sartiges exerted all his influence with Mr. Marcy for the retention of Crampton. On one occasion M. de Sartiges was arguing before the Secretary against the dismissal of Crampton, presenting the disadvantages of such an act in the strongest colors, representing the desire of his government to prevent a rupture, &c, &c, in quite a lengthy oration, during the delivery of which Mr. Marcy sat perfectly silent, as if in profound reflection upon the French minister's eloquence. At length, when Sartiges had quite exhausted his discourse and paused for a reply the Secretary merely raised his shaggy eyebrows a little and quietly inquired, "M. Sartiges, how is madame this morning?" The story goes no further in that direction, except, as deponent believes, that Mr. de Sartiges took his hat and never approched the subject again, while as the world knows, Mr. Crampton was dismissed, Lord Palmerston fumed and finally has appointed Lord Napier to come over here in Crampton's place.

For Grand Haven.—We learn that a daily line has has been formed between this city and Grand Haven, and that a steamer will commence running on the opening of navigation, from the dock of Geo. C. Drew & Co., proprietors of the line.—*Chicago Democrat of yesterday.*

Terrible Murder of Dr. Harvey Burdell of New York.

The New York papers of Monday came filled with the details of the murder of a Dr. Harvey Burdell, Dentist, who resided in his own house, No. 31 Bond street, New York. The body of the murdered man was found on Saturday morning, by his errand boy, who had come as usual, about 8½ o'clock, to attend to his office duties. The body was found lying upon the floor, shockingly mutilated, and surrounded with pools of blood, and the door and walls of the room besmeared with blood. The inmates being alarmed, Dr. John W. Francis, who lives in the immediate vicinity, was called in to make an examination. He found that Dr. Burdell had been strangled by a ligature around the throat, and that no less than fifteen deep wounds, almost any of which would cause death, had been inflicted with some sharp instrument on his person.

The facts thus far elicited have not been sufficient to dispel the great mystery surrounding the shocking deed, nor to designate with certainty the perpetrator—although two persons have been arrested on suspicion.

Dr Burdell was a man of fine personal appearance, and about 46 years of age, though he looked much younger. He was one of the most successful of his profession, and had accumulated a fortune estimated at $100,000, nearly all of which was invested in stocks and real estate.

He had been married, but his wife obtained a divorce from him some few years ago. It was not known that he had married again, until, upon the evidence before the Coroner, it appeared that quite recently he was secretly wedded to Mrs. Cunningham, a widow, and the landlady of the house wherein he had his office and was murdered.

Robbery appears not to have been the incentive to the murder, as none of the Doctor's papers were disturbed. It must have been done by some one well acquainted with the house. A shirt marked "J. Ketchnam," and a sheet and towel stained with blood were found secreted in an ante-room, up stairs which, with every other part of the building, was thoroughly searched by order of the Coroner, with a view to find some clue to the guilty party. A dirk stained with blood was also found. This was evidently the instrument used, and it may be the means of fastening the guilt upon the murderer.

The house wherein the deed was committed was owned by Dr. Burdell. It is of brick, with marble stoop, four stories high, and differs not materially from the rest of the buildings on the same block, all of which are several years old, and were in their day first-class and fashionable, now simply genteel.

The room in which the corpse was found, is a back room on the second floor, to the right of the first landing, and was used by him as a reception room.

This room bears shocking evidence of the crime committed within it. Its carpet, the paper on the walls, and the inside of the door leading to the entry, are stained with the blood.

The Doctor had not been seen alive since 5 o'clock on Friday evening. At that hour he left his home for the purpose of dining at the Metropolitan Hotel. His return does not seem to have been noticed by any of the inmates of the house. Mrs. Burdell saw him when he took his departure: but never beheld him alive afterwards. She was in the house all the evening, and was engaged with some of the members of the family in marking wearing apparel, when the lateness of the hour warned her that it was time to retire. Mr. Eckel and Mr. Snodgrass, two boarders in the house, were up until 11 o'clock, and at that hour, they say, Mr. Burdell had not made his appearance. They then retired to their rooms, and according to the statement of the wife of the deceased, the gas was put out and all sought slumber in their respective apartments. Dr. Burdell was not heard coming in during the night time; and although Mrs. Burdell says she is not a sound sleeper, still nothing unusual attracted her attention during the long and dreary hours of the night which had set in upon the household. No shriek of murder was heard proceeding from the chair wherein the murdered victim was found the following morning. All was quietness and peace within that abode; at least so the witnesses state.

The two persons arrested in the house on suspicion of being concerned in the murder are John J. Ecker and a Mr. Snodgrass, the latter a son of a clergyman.

It appears that Burdell sometimes previous to the murder and marriage, had procured an abortion upon Mrs. Cunningham. It also appears that he was jealous of Ecker, who, upon the testimony of Mrs. C. herself, passed some hours in her bed room on the night of the murder. As the murder was not committed for money, the conclusion is that the motive must have been one, with which a woman was in some way mixed up. Mrs. C. and the Doctor had also had a quarrel about some money matters, he having charged her with stealing some notes of value from him.

Burdell held several positions of honor and respectability in his profession. He was honorary member of the Philadelphia Medical Society, member of the Medical Society of the city and county of New York, member of the Historical and Statistical Society, also a director of the Artizans' Bank of New York. He was a prominent member of the dental profession, and was one of the chief parties in getting up the dental conventions that have been held in New York and Philadelphia of late years. Nor has he been unknown in the field of dental literature. As early as 1838 he published, in connection with his brother John, a rather elaborate work entitled "Observations on the Structure, Physiology, Anatomy and Diseases of the Teeth."

Shocking Accident.

The Bath, N. Y., *Courier* says:—"A most heart-rending accident occurred at Dudley Settlement, four miles from this village, on the 21st inst., to the family of Rev. E. H. Havens, a Wesleyan Methodist minister, which resulted in the death of three of the family, and severely injured two others. Mr. Havens was engaged in preparing a balsam, and had upon a stove a kettle containing about two gallons of spirits of turpentine and a quantity of rosin, which he lifted off and was going toward the door, when fire communicated to the contents, and an explosion ensued. The burning liquid was scattered in all directions, falling upon the inmates and setting fire to their clothes. Mr. H., with great presence of mind, seized his wife and carried her out of doors, then returned after the children; but after rescuing two of them, his head became swelled to such a degree that he was completely blind, and was obliged to desist. At this critical moment, Mr. Charles Brundage, who was near by, hearing a scream, proceeded to the spot, and found the burned and almost lifeless bodies lying in the snow. He immediately rushed into the house, and carried out the remaining child. Mrs. H.'s clothes were entirely consumed, and her body burned to a crisp; and the others, though less burned, were suffering excruciating pain.—Mr. Brundage placed them in his sleigh, covering them with a quantity of bedding, and carried them to his own house, where he rendered every possible assistance in his power to relieve their sufferings. Medical aid was immediately procured, but at 9 o'clock in the evening, Mrs. Havens died. Her age was 38 years. The youngest child, two years old, died at 2 o'clock next morning. Mr. H. suffered beyond description, but maintained a perfect consciousness until 8 o'clock next morning, when he also died. The other two children, the oldest a girl of 15, and the youngest a boy of 5, still live; but the latter, it is feared, cannot survive his injuries. The girl threw herself upon a bed, face downward, and thus prevented the inhalation of the fumes of the burning mass, and at the same time extinguished the fire on her person, which in all probability saved her life.

The concussion caused by the explosion blew the glass out of the windows, and the smoke stifled the inmates to almost instant suffocation. The weather at the time was intensely cold, and but for the timely aid of Mr. Brundage all must have perished.

Two other children were at school, and thus escaped the dreadful fate of their parents.

The house was saved through the exertions of the scholars of a neighboring school, but was burned almost to perfect uselessness."

Unpoetical Wife.—"Siebenkas could never inspire Lenette with a lyrical enthusiasm of love, in which she could forget heaven and earth and everything else. She could count the strokes of the clock between his kisses, and could listen and run off to the saucepan that was boiling over, with all the big tears in her eyes which he had pressed out of her melting heart by a touching story or a sermon. She accompanied in her devotion the Sunday hymns which echoed loudly from the neighboring apartments, and in the midst of a verse she would interweave the prosaic question, "What shall I warm up for supper? and he could never banish from his remembrance that once, when she was quite touched, and listening to his cabinet discourse upon death and eternity, she looked at him thoughtfully, but towards his feet, and at length said, "don't put on he left stocking to-morrow, I must darn it."

Sunday in Missouri.—The Missouri Legislature resolved on Friday to adjourn to Thursday next, in order to visit St. Louis on Sunday (yesterday).

Many of the members of this body, living in the backwoods of Missouri, it is said, are not aware of the practice which prevails in St. Louis and cities further east, of suspending business one day in the week, and no doubt, suppose the stores and shops in St. Louis were closed yesterday by way of compliment to them.—*Cin. Gaz.*

Suicide.—We are informed that Elder Brown committed suicide by cutting his throat, early yesterday morning, at his residence, two or three miles east of Beaver Dam.—*Fox Lake Journal 4th inst.*

From the Norfolk Herald, Monday, January 26.

A Tremendous Snow Storm and Hurricane.

On Saturday evening the wind which had been blowing from S. S. W. for the last 24 hours backed to N., and the weather thickened up. At 9½ P. M. it commenced snowing with a brisk gale, which continued during the night, and all day Sunday, and until 9 A. M. on Monday. The snow continued with little intermission during the whole period, and the gale which had increased to a storm on Sunday became a perfect hurricane on Sunday night, when the wind shifted to W., shook the strongest buildings to the dismay of their occupants—all unused as they were to such a furious "war of elements," the equal of which was beyond the experience of the oldest inhabitants. The cold throughout the storm was intense. We have often heard the expression "it is too cold to snow," but here we had snow continuing to fall for thirty-five hours while water was freezing within doors.

We have seen many snows in our day as deep as this, on a level, but never one of equal duration and attended with such severe cold and tempestuous winds. The whirling eddies and currents of the wind swept the snow from one place and piled it on another, and the way it formed banks and pyramids and mounds of snow in the streets, gave a very fair idea of a scene in the Arctic regions. On one side of a street the snow would be swept clean from the pavement and raised into a mound or bank on the other to the height of from four to eight feet. Into every house, no matter how well guarded, the snow penetrated wherever there was a crevice sufficient to admit the breeze, and an embankment might be seen on the window sill in almost every parlor or chamber. To get warm in bed and keep so through the night, almost defied the use of blankets and coverlets. Sunday night was decidedly the coldest we have ever experienced.

Yesterday morning, after the storm abated and it had ceased snowing, we had an opportunity of taking a view of the harbor, and we will not be contradicted we are sure, when we say that it presented one of the most magnificent scenes ever witnessed in our latitudes. The harbor and its tributaries were covered as far as the eye could reach with a sheet of ice, which held every floating object fast in its embrace, not even permitting the steam ferry boats to move a peg from their wharves, and over which was strewed innumerable mounds and hillocks of snow, with here and there air-holes, crowded with wild fowl, which had been driven from the bay and sea shore for refuge from the storm and cold below—and hundreds of people surrounding and capturing them at their leisure. Several geese, brant and ducks, being benumbed by the cold, in passing over the city, either fell from exhaustion or from striking against walls of houses, and were picked up—and numbers were taken on the ice benumbed or frozen to death. It seems unfeeling to connect the idea of sport with the capture and destruction of these poor creatures, and we shall therefore say that they afforded those who ventured out in such desperate cold circumstances abundance of wholesome exercise and provisions enough for at least a week to come.

We have never before known the harbor so completely frozen over as to prevent the passage of the ferry boats; but not only is this the case, but persons yesterday amused themselves by skating across to and from Portsmouth. We are now completely cut off from all mail communication.

From the Norfolk Herald of Jan. 21.

The snow storm of the 18th of January, 1857, will be remembered in this region for years to come as the most violent and inclement within the memory of any now living—as it certainly was.

The porch of M. Myers, Esq., fronting on Freemason street, was blown down; and the steeple of the Freemason street Baptist church received some injuries. Several roofs were partially stripped of their tin—among which were the City Hall and the Odd Fellow's Hall.

Evidence of the unprecedented severity of the cold might be seen yesterday in the familiar intercourse during the day between the people of Portsmouth and Norfolk, who crossed over from their respective towns on the ice, upon which there were crowds of persons during the forenoon.

From the Norfolk Herald of Jan. 22.

No cars arrived at Weldon from Petersburgh from Saturday up to Wednesday morning and but little had been done towards opening a way for them; the task being considered too herculean to be accomplished by ordinary efforts. In the meantime telegraphic dispatches brought intelligence to Weldon that nineteen persons had been frozen to death in Petersburgh since Saturday. No trains had arrived from the South since Saturday, until Tuesday night.

POLICE COURT, FEBRUARY 5.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

A warrant was issued against Patrick Hoy for assault and battery on Michael McGuire; the case was continued for one week.

A CURIOUS CASE.—A young German who lives several miles from town was brought up from the Watch House, on a charge of stealing a pair of pants from a clothing store on Walker's Point, by Policeman Benzler. The man had none of the appearances of a thief, and denied the charge. The complainant, a woman, told contradictory stories in regard to it. After a careful cross-examination the District Attorney dismissed the case and told the man he was discharged, that he was satisfied there was no stealing or attempt at stealing.

The German naturally asked, "Vell, vat shall I do for mine two dollars Visconsin money, vat I paid for dese pants; must I lose dis money and de pants too?" He was referred to his remedy in a civil court.

Complaints in relation to clothing stores cheating countrymen are very frequent, and all sorts of tricks are resorted to, to defraud countrymen out of their money.—The only way to check them is to expose them when they come up in court.

THE ALLEGHANIANS.—These Vocalists gave their first Concert to a large audience in the elegant Hall of "the Albany" last evening. Their selections were not well chosen to show off their musical abilities to advantage. Nevertheless many of their pieces were warmly applauded and several honored with an *encore*. The *contralto* voice is sonorous and powerful, and the *soprano* and *bass* above the average. They give another Concert to-night with change of programme.

The acoustic qualities of the new Hall were fairly tested last night. It is a grand apartment for vocal and instrumental music. The enjoyment of the audience was somewhat marred, last evening, by the inconsiderate conduct of some young men, who thought it funny to *guy* the violin player, during his solo. This was neither just to him, nor commendable in them, and was anything but courteous to the rest of the audience. Such practices are unworthy of sensible men.

A SENSIBLE MOVE.—Mayor Wood has issued an order to the bell-ringers at the different fire alarms, in New York, to strike the hour of nine every evening upon receiving a signal from Professor BULL, of the New York University, who will announce the hour from transit observation taken at a private Observatory in Eleventh street, near Second Avenue.

We wish that our Mayor, or Common Council, would adopt a similar plan, and direct two or three bells to be rung daily at noon, by way of giving to the whole city a common standard of time. The cost would be trifling and the convenience great.

HANDSOME PRESENT.—Mr. E. M. HALL, Master Mechanic of the La Crosse & Milwaukee R. R Company, has just been presented by his fellow employees, with a very handsome gold watch, chain and seals, from the establishment of Loomis & Ross, watchmakers and jewelers, of this city. The cost was $315, and the watch bears the following inscription:

> "Presented to EDWARD M. HALL by the Employees of the La Crosse & M. R. R. as a memento of their esteem and regard. Jan. 1, 1857."

HISTORICAL MAGAZINE.—We have received the first number of a new Monthly Magazine, published by C. BENJAMIN RICHARDSON, 119 Washington street, Boston. It is "devoted to essays, notes and queries concerning the antiquities, history and biography of America." We like the plan and appearance of the work, extremely. Subscriptions at $2,00 per annum, received by STRICKLAND & Co., where specimen copies may be seen.

READY MADE CLOTHING, &C., AT AUCTION.—There will be an auction of Ready Made Clothing, Pictures, &c., at 210 East Water street, this forenoon, commencing at 10 o'clock, and this evening, commencing at 7 o'clock. The stock will be sold for whatever is bid, without any reserve. Good bargains can be had.

THE DRIVERS' BALL.—The Drivers' Ball last night was well attended, and the company thoroughly enjoyed themselves. A good supper, well got up, was served, and the whole entertainment passed off to the satisfaction of all, leaving, no doubt, a handsome surplus for the orphans.

NEW YORK ADVERTISEMENTS.—See our advertising columns, this morning, for a long array of notices from enterprising New York business men, who appreciate the advantage of letting the public know what they have to sell.

NEW ENGLAND HISTORICAL REGISTER.—This is a new series, published as above, and edited by SAMUEL G. DRAKE, of a well known and valuable work. Copies may be seen at Mr. Strickland's Bookstore, and subscriptions ($2,00 per annum) paid there.

It is unusual for any Mercantile House in New York, or indeed elsewhere, to stand the shocks and changes of half a century; and, when an establishment succeeds in so doing, it may be regarded as an indication that staunch, upright, indefatigable, and enterprising men are at the helm. This is emphatically the case with he well known importers and family grocers, I. & W. eery, of New York, whose advertisement will be found another column. Established as long ago as 1804, they ave ever since been extending their limits, and now of r unsurpassed inducements to all who want pure wines d groceries. The abuses of many unprincipled deals in adulterating their tea, coffee, sugar, and particularly liquors, render it highly desirable for purchasers trade only with those who themselves import, and hose character is above suspicion.

Cleanse your Blood.

If your blood requires cleansing, use one of errick's Sugar Coated Pills every other night. One box ting 25 cents, used in this manner, will be of more vice than gallons of syrups, concocted by nobody ows who, and from nobody knows what. Herrick's Pills reliable. They have sold on their merits nineteen ars.

WOULD SUGGEST to the Trade, that they will be prepared for Spring sales with their usual extensive stock of the finer qualities of

READY MADE CLOTHING.

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being marked in lengths and breadths, the same size breast being varied to suit different proportions of the same measure, should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of really suiting patrons from that fact, it is presumed, has been very generally realized. I GIVE my attention to the public sales of real estate in our city, or in any city in our State. Any one who has real estate abroad that they want to dispose of, and want my services they can obtain them by writing to me. I expect as soon as the weather improves (which is now 20 degrees below zero), to have a large public sale of real estate, and I design to have several public sales throughout the spring and summer. All property left with me for sale I will use all my energy to dispose of, which if I do not sell I make no charges. The location I now have for my business, I think is and will be one of the best in our city, being directly opposite to the Newhall House, which said magnificent house will be opened for the traveling public June 1st, at which time a great rush will be to our city.

FARM
IN THE TOWN OF SUMMIT,
WISCONSIN.

THE undersigned, being about to change his residence, offers for sale the farm upon which he has resided the past ten years, in the town of Summit, Waukesha County, Wisconsin, a half mile south of Summit Centre.

It contains about one hundred and sixty-three acres, all arable land, of which about ninety acres are under cultivation. Its eastern boundary is Genesee Lake, and good water is found on any part of the farm at twelve feet depth.

The buildings are:—a Gothic dwelling house, 28 feet square and one and a half stories high, with kitchen 18 by 22, barn, stable and granary, 30 by 40; work-shop, hen-house, smoke house, sheep and cattle sheds, &c. Also a good farm-house, built of hewn logs, and log barn.

There are about 450 fruit trees, some of which have been in bearing five years, and most of the others (choice fruit) will probably bear the coming summer. The farm is well supplied with timber for fuel and fencing. One-half of the purchase money may remain on mortgage for a term of years. Address

LATER FROM EUROPE!

ARRIVAL OF THE

BALTIC!

NEW YORK, Feb. 5.

The Steamship Baltic has arrived below with Liverpool dates to January 21st.

Political news unimportant.

Swiss question considered settled as the Neufchatel's prisoners have been liberated.

The event of most interest, is the trial of Verger, the assassin of Archbishop of Paris. The trial is full of dramatic interest. Verger is condemned.

A mutiny of a colored crew took place on board the L. Bogart in the river Mersey, for Mobile.—The 1st Mate was badly wounded. The 2nd Mate was arrested for shooting a seaman, and 3 of the crew for assault. Case was adjourned until the 22d.

Lord Napier will probably leave for Washington in about 3 weeks.

The Baltic is detained below by fog.

The Europa arrived out on the 8th.

Lord Palmerston had issued a circular to the House of Commons, stating that business of great importance would be laid before the coming session of Parliament, and expressing earnest hope that all the members would be in their places at the opening.

Lord Napier had arrived in London to make preparations for his departure on his American mission.

The alleged cause of the mutiny on board the ship L. Bogart, is that the crew shipped under articles for New York, but subsequently learned that the ship was to proceed to Mobile where, as they are nearly all colored men, they would be returned to slavery.

A despatch from Berne of the 17th, states that the five Neufchatel prisoners were on the preceding night escorted by a detachment of Swiss to the French frontier.

The Federal Council has given orders for immediately disbanding the troops.

Private advices from Shanghai of Nov. 19th, say there is a prospect that specie shipments to that port may prove excessive owing to the scarcity of produce. The English at Canton, were strengthening their position, but showed a disposition to remain on the defensive, until they received advices from England; meanwhile reinforcements are understood to be sent for.

Liverpool Markets.

The following is Richardson, Spence & Co's circular. LIVERPOOL, Jan. 20.

The grain trade has continued dull since Friday, and at Market Lane, yesterday, business was quiet, in retail. At to-day's market here, there was a moderate attendance of buyers, but trade was very inactive.

Choice wheats both red and white, unchanged, although in other kinds a reduction of 1a2d per bush had to be submitted to.

FLOUR—was most difficult to move, and quotations are nominal.

INDIAN CORN—must again be quoted at 6d per quarter cheaper, and slow sale. Yesterday 33s was taken for mixed in quantities.

We quote wheat red 8sa9s2d: white 9s2da10d per 70 lbs.

FLOUR—unchanged Ohio 34sa35s; western 31sa33s.

INDIAN CORN—mixed 33s-a34s6d; yellow 34s; white 35sa35s6d per 480 lbs.

BEEF—no change, saleable only at retail.

BACON—very limited demand at previous quotations.

LARD—considerable arrivals have taken place and the market in consequence very dull; 68s6d is the nominal value for fine, but buyers hold off.

WASHINGTON, Feb. 5.

HOUSE—Mr. Seward advocated a bill showing the advantages of the submarine telegraph, maintaining that if we can enter into postal treaties with foreign governments and pay $300,000 annually for ocean mail steamer's services, we have some power to assist in this enterprise at less expense. Mr. Mace regarded this matter of much importance, believing it would lead to greater results than yet anticipated by any one in the House. It was connected with the postal affairs of our country and with a view of examining into its merits, he moved it be referred to the post office committee. Messrs. Campbell of Ohio and Washburne of Me., severally said this motion amounted to the defeat of the bill. Mr. Mace assured them of his intention of pleading the subject.

The House went into committee, the tariff bill being nominally under consideration.

Mr. Clingman, in the course of a speech on the Central American and Cuban treaty, made by Lord Clarendon and Mr. Dallas, said it stood on a treacherous foundation, and he hoped it would never receive the sanction of this Government. He thought we had a right to expect a bold policy on this subject from the incoming administration, and not a truckling course of fear towards Great Britain, with whom there was no danger of war. He intended to introduce a resolution to the effect that, whereas this House has taken occasion to express its condemnation of the reopening of the slave trade, they view with still greater repugnance the slave trade in white men or coolies, under British and Spanish flags. If the members support this declaration, it cannot fail to tell on the civilized world, for there never was a body whose opinions were entitled to as much weight, considering the large number of persons here represented and their worth and independence.

Mr. Stanton said there was no question as to the necessity for obstruction of the revenues, but this was essentially a manufacturing bill to the detriment of the agricultural classes. Fifty-two million pounds was the annual product of wool in this country, involving a capital of $50,000,000. Should this bill become a law, that interest would be stricken down; and against this he protested and argued.

Mr. Letcher appealed to the gentleman who desired to save the country from a commercial revolution, compared with which that of 1836 would be unimportant, to go with him in adopting some measure which will reduce revenue and relieve every man from business unnecessarily put upon him. In order to effect this, he advocated reduction of the duty on nearly all the articles enumerated in the schedule of the act of 1846.—He believed, with Mr. Stanton, that the bill reported from the majority of the committee on ways and means, was thoroughly for the benefit of manufacturers. The committee then rose.

The Senate's resolution pending, for counting votes for President and Vice President for next Wednesday, was adopted.

Jones, of Tennessee, and Mr. Howard were appointed as Tellers on the part of the House. Recess until 7 P. M.

NEW YORK, Feb. 5.

The N. Y. Chamber of Commerce to-day agreed to send a memorial to Albany for the removal of Quarantine.

A despatch from Washington says the House P. O. Committee have decided to-day to report a bill giving the ocean mail steamer contracts to the lowest bidders. They have also agreed to report a bill, taking the Collins' steamers at valuation on Government account. The U. S. sloop-of-war Germantown, sailed from Rio Janiero for New York, Dec. 21st.

THREE P. M. REPORT.

Congressional.

WASHINGTON, Feb. 4.

The Senate agreed to all the House amendments to the bills relating to foreign coins and coining cents and added another amendment.—The Senate debated for nearly three hours on the Dallas and Clarendon treaty. Mr. Mason sustained the policy, in an elaborate speech, vindicating the considerations upon which it had been recommended by the Administration. Objections were urged that the British protectorate was more distinctly recognized, than under the Clayton convention; that while the sovereignty of the Bay Islands, was nominally relinquished to Honduras, the British in possession confirmed their practical authority there, and finally that Honduras, by her treaty with England, after a virtual renunciation of power over these Islands, enacted the Wilmot Proviso, by the exclusion of slavery therefrom.

HOUSE.—Mr. Campbell moved the previous question, on the Senate's submarine telegraph bill, but he was not sustained, 45 only voting in the affirmative. Mr. Smith, of Va., thought it an unwise policy for the government to sanction this remarkable proposition. It had no constitutional authority to embark in this scheme, and he did not believe its advantages would be as great to the government, as claimed. The terminus of the line being on the British shore.—If, as they were assured, the line would be established, whether this government assists or not, where was the necessity of pressing the bill to a hasty passage.

Latest from Walker.

NEW YORK, Feb. 5.

By an information received through Gen. Cassenean, from a gentleman who arrived on Wednesday morning, via Havana, from California.—It appears that when he was at San Juan on the 21st ult., he stopped there for a few hours, and had a conversation with Mr. Scott, the Nicaraguan Transit Co's agent, who informed him that a steamer in first rate condition, was about to start up the river, with between two and three hundred men to take possession of the forts held by the allies, about two hundred miles up. Gen. C.'s informant also had a conversation with Col. Kinney, at Greytown, and learned from him that he had received word from Walker about six days previous, that there was great dissatisfaction among the allies, and the Costa Ricans were deserting largely to Walker.

Indiana U. S. Senators.

WASHINGTON, Feb. 5.

The Republican Congressmen of Indiana have dispatches from Indianapolis. Instead of 26 Senators being present at the alleged Senatorial convention, yesterday, but 23 out of 50 attended, eleven less than a quorum. The Senate by a majority has denounced the joint convention as illegal and unauthorized by them. A protest against the U. S. Senate swearing in the Senators alleged to have been elected. The two American votes cast were given by Representatives and not by the two American Senators, who declined any participation in the election.

The Investigation.

WASHINGTON, Feb. 4.

Mr. Simonton although weak from recent illness, appears before the Select Committee to-day. After remaining two hours he became so sick that they insisted on discontinuing the examination. His cousel, Mr. Bradley, was not permitted to be present. Hon. Reverdy Johnson, Messrs. Gilbert and Chase of the House have been examined. The Central American treaty was again discussed for three hours to-day in the executive session of the Senate, but was not concluded. The Secretary of War in reply to Mr. Seward's resolution, says that from military considerations, the Niagara river should be surveyed.

Schooner Ashore.

SANDY HOOK, Feb. 5.

The schooner J. R. Jewett, Capt. Oliver from Boston bound to New York, came ashore on the Point, about 10 o'clock this morning in a thick fog. No signs of the Baltic.

Death of an Ex-Senator.

WASHINGTON, Feb. 5.

Col. Wm. D. Merrick of Charles county, Md., formerly U. S. Senator, died here this morning at an advanced age.

Removal of Ice.

CINCINNATI, Feb. 5.

The ice in the river moved this morning at half past three o'clock, a distance of 2 miles, and gorged again. The steamers Gipsey A. H. Quarrier and James Watt lying just above the city sunk. Quarrier had on board a cargo of groceries for Kenawha River which it badly damaged, boats at Wharf injured.

Fire.

NEW YORK, Feb. 5.

The cabinet factory of Henry Neil in Essex street was destroyed by fire this A. M. Loss $25,000. Partially insured.

BY THE WISCONSIN STATE LINE.

WISCONSIN LEGISLATURE.

MADISON, Feb. 5.

INSTRUCTION.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence, Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

ENGLISH AND MERCANTILE ACADEMY,

No. 40 Wisconsin Street, Milwaukee, Wisconsin

THE PRINCIPAL RESPECTFULLY informs the Public that the Winter Term of his School commences, Monday, December 8th, 1856.

This Institution, has been in successful operation for seven years. The Academic year comprises 4 terms of 11 weeks each, the first commencing on the 2d Monday of September.

The whole number of Students in attendance at present is 82.

PRIMARY DEPARTMENT.

A competent Female has charge of this department, and children are received at any age.

THE LADIES' DEPARTMENT

IN A SEPARATE ROOM,

Is under the superintendence of Miss. W. A. HALL. Young Ladies recite in Prof. L.'s classes in English Grammar, Rhetoric, Composition, &c., and are taught a neat and fashionable style of Writing. Instruction is given in Embroidery, Drawing, Music, Latin and German, and scholars are taught to read, write and converse in French daily.

C. F. L. takes pleasure in announcing to his friends and patrons the prosperity of this department during the past year. He pledges himself that it will be his constant aim to secure the greatest amount of intellectual and moral improvement, to those entrusted to his care.

COMMERCIAL DEPARTMENT.

This department is under the immediate charge of Prof. Larigo. Instruction is given in all the branches of a thorough English and Commercial Education, including the Higher Mathematics, French, Latin and German Languages, and is designed to prepare youth for college or for business life. Perfect facilities are afforded to young gentlemen for acquiring, in the most expeditious manner, a thorough knowledge of Commercial Science as practically employed in the Counting Rooms and Business pursuits generally.

The Full course embraces the most approved and practical forms for keeping Books by Double Entry, in the various departments of Trade and Commerce, including general Wholesale and Retail, Mercantile Exchange, Commission, Shipping, Individual Partnership and Compound. Company Business with Commercial Correspondence in English, French and German. The Student is taught to copy all manuscripts in a bold and rapid hand, which serves as a great auxiliary to him in securing an excellent style of writing—a hand writing in every respect adapted to business pursuits is also warranted to every student who takes a full course with a Diploma.

Through the extensive business acquaintance of the Principal, many of his students obtain profitable situations.

Lady's and Gentlemen's French Class at 4½ P. M.—Latin Class at 7½ A. M.; German Class at 8 P. M. Evening Classes in Book-Keeping, Writing, &c., from 7 to 10.

☞ Students admitted any time, day or evening.—For further information see Circulars.

dec4-d184-dly C. F. LARIGO, Principal.

LESSONS IN Foreign Languages.

MR. AND MRS. L. S. B. DE CRETY, from PARIS, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. DE CRETY furnishing books of the best French authors. Those too wishing to learn vocal music in either of these languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 12 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

BAYLIES & LINCOLN'S Milwaukee Commercial College

212 and 214 East Water St.,
MILWAUKEE, - - WISCONSIN.

THE proprietors of the Milwaukee Commercial College would respectfully announce that the liberal patronage that has been extended to this deservedly popular enterprize has led them to extend the field of study, so that it will embrace every branch of a thorough Commercial Education. As there are no classes formed in any department of study—(thereby enabling the student to enter any time, each one receiving separate instructions)—the student, on entering, is placed in the Counting Room, with actual transactions to work from, thus making his education not merely theoretical, but practical to the last degree. The Commercial Course comprises Book-Keeping by Double Entry, in its various forms, as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, in stock, partnership, and compound Company business, Commercial Calculations in per centage, Exchange, Bank and Regular Discounts, Averaging, Accounts by Simple and Compound Equations, &c., according to the most approved methods. Commercial Correspondence, including account sales, account currents, drafts, bills of exchange, &c., &c.

Also, a perfect system of detecting Counterfeit Bank Notes, will be given to each student.

A good Hand Writing guaranteed to every person completing a full course.

During the Seasons, Lectures on Commercial Law will be delivered by eminent legal and business men, and no pains will be spared to make this department particularly attractive.

The Reading Room will be supplied with the various Daily and other papers and publications.

Particular attention will be given to Ladies who may wish to acquire a business education, and separate rooms have been beautifully fitted up for their use.

Merchants and other business men are informed that at any time, by a few days' notice, they can be supplied with competent Accountants, and young men will be assisted in procuring situations when desired.

For terms and other particulars please address

ly21daw BAYLIES & LINCOLN.

Lot 12, block 61.

A lot on Waverly Place, Seventh Ward—a very desirable place for a residence.

Several 4, 5 and 10 acre lots in School Section.

The north half of lot 5, School Section, will be sold at a bargain, or given in exchange for an improved farm.

A choice corner lot in the Second Ward, about 8 minutes walk from the Post Office. An early application will secure a good bargain.

Several lots in Sherman's Addition.

Two River Lots in Sixth Ward will be sold cheap.

Lot 4, Block 132, Fourth Ward.

Half lot 16, Block 81, corner of Clybourn and Eighth sts., on which is a good House and Barn.

Lots 10 and 12, Block 101, 5th Ward, a decided bargain.

Two acres near the nursery; fronts on Elisabeth street, beautifully situated to cut up into city lots, or would make a choice location for a residence.

Six acres, 8 miles from Kilbourn Mills, on the Green Bay Plank Road—a good dwelling house, with cellar.

Twenty acres 1½ miles from the city limits, in a good state of cultivation.

Eighty acres of heavy timber land, 2½ miles from city limits.

Fourteen acres 8 miles from the city line, on the Lisbon Plank Road, on which is a good frame house and barn, and a well of good water. The whole of which is in a state of cultivation, and a choice variety of fruit trees.

Forty most desirable lots in the town of Brodhead. This town is beautifully situated, there being a depot of the M. & M. R. R. in it, and only 16 miles from Janesville.

720 acres of land on the Wisconsin River, 16 miles from Prairie du Chien, at the junction of the Wisconsin and M. & M. Railroad.

700 acres of land in Crawford county.

420 acres of land in Bad Ax county.

These lands lay first rate, and will be sold cheap and on very easy terms.

A good farm, containing 80 acres, about 5 miles from Milwaukee city, on which there is a good house—part under cultivation, and part very heavily timbered.

Eighty acres 2½ miles from the village of Stoughton.—The 80 acres fenced, 35 under cultivation; good hay barn and well, stable and out-houses. Price $1,400; one-half down; balance in 1, 2 and 3 years.

CHIPPEWA CO. LAND AGENCY.

WILLIAM J. YOUNG,
County Surveyor of Chippewa County,

OFFERS his services in locating Land Warrants on pine or farming lands.

Some good prairie land can yet be found in the lower part of the County. In the upper part there are the best of locations, timbered with Sugar Maple, Birch, Oak, Linden, &c. These last are in the immediate vicinity of the pineries, which will always afford an excellent market.

Send warrants to me by mail, and I will carefully locate them at the following reduced prices, to-wit:

160	acres	$8,00
120	"	7,00
80	"	6,00
40	"	4,00

Pine lands, (of which there is yet considerable unentered,) $4,00 per 40 acres, whether in large or small quantities. An addition of one dollar per 40 acres will be required for Land Office fees.

Every location I will personally and carefully examine.

Prairie du Chien Land Agency.

THE UNDERSIGNED having purchased an interest in the Prairie du Chien, (lower town) offers on reasonable terms two hundred (200) lots, situated near the depot grounds of the M. & M. R. R. Co. I am ready to offer inducements that cannot be surpassed in the State, both as to price, terms and location, to all wishing to purchase a site for business or a desirable residence.

The City of Prairie du Chien being the

Terminus of the M. & M. R. R.,

and situated on the banks of the Mississippi river, tributary to which is the whole State of Iowa and Minnesota. It is unnecessary to make any comments, for it is too evident that it must be the second city of Wisconsin.

To any person wishing to make investments, I would say that I have the agency of a large amount of desirable lots owned by the American Transportation Company, in addition to my own, and hereby offer my services to any who desire to make an investment that will prove that

Prairie du Chien is the Point to Double Your Money in Twelve Months.

To my old friends, Railroad Conductors and all others, I will say—call and see me, and you will be sure to be rewarded.

Important to Lumberers, &c.

THE SUBSCRIBER is prepared to dispose of two licenses to cut timber on the north shore of Georgian Bay, Lake Huron; embracing an area of fifty square miles, or 32,000 acres each. One is situated on Serpent River, near the Bruce Mines. The other is situated at the mouth, and extends up the Shaw-en-e-ga River twelve miles, and belonging thereto is an almost unlimited water power, near the mouth of the river, up to which vessels of the largest size can ascend. A short distance up the river, the river widens, forming a place in which any quantity of logs can be boomed. The whole forming unrivalled facilities for carrying on a large lumbering business, and lying nearly on the direct line from Collingwood to Lake Michigan. For price, terms, &c., apply to the subscriber, at his office, West Water Street.

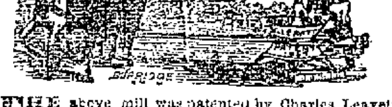
MISCELLANEOUS.

Every Man his own Miller.

PORTABLE CAST IRON GRAIN MILL.

Young America Improved and Perfected.



THE above mill was patented by Charles Leavitt, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1855, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact a cast steel can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855-56, 1500 were made and sold in Ohio, at Zanesville, by Douglas, Smith & Co., Hall & Allen of Mansfield, Eldridge & Faucener of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 8 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $35—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

HEALTHY BREAD!

MADE WITH
JAS. PYLE'S DIETETIC SALERATUS.

THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, thereby dealing destruction to thousands not aware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from infantile or contagious diseases. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS

Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after trying it.

It is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Furlong & Co., O. A. Folsom, Chapin & Gregory, Milwaukee; Ethridge, Shoemaker & Co., Madison. E. H. Jones & Bro., Fond du Lac, Wis.; A. Gross & Coag, Chicago. JAMES PYLE,

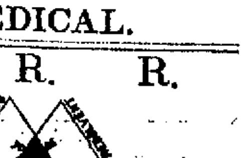
MEDICAL.

R. R. R.



THE MEDICAL TRINITY.

EACH of Radway's Three Remedies possesses special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designated for, the system undergoes rapid transformation from its diseased condition to healthy and happy state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammation and cures the worst cases of Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Toothache, Bruises, Sprains, Strains, &c. It restores the lame, infirm and crippled to soundness and vigor. It is a sure cure and preventative for Fever and Ague, Scarlet Fever, Smallpox, Croup, Hoarseness, Colds and Influenza. Whenever you feel any unpleasant or pain symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's Ready Relief will stop, and no system so crippled with infirmities but that the R. R. R. remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure particles and [illegible] circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Biliousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak hair, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and hand; and those who use the Ready Relief as a wash for the teeth and an aromatic for the breath, will be cured of the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, tendencies, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart*. Now a dose of Radway's Regulators will correct all these difficulties—they will correct the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. Here purging in these cases will only aggravate the disease.

Radway's Regulators not only *regulate* the bowels, by which all diseased and injurious matter is purged from *the body*, but they control the whole system, and act on each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tie in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good—they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes, Tumors, Fever Sores, Skin Eruptions, Blotches, Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis, Consumption, Apoplexy, &c., and all constitutional and chronic diseases, either inherited by hereditary transmission, or introduced by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 193 East Thirty-Second st., had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cure *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and [illegible] of the nerves, the intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

BOERHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the fountain of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25 !

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East who recently allowed him to examine their books, besides explaining many original plans for economising labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

ENGLISH AND MERCANTILE ACADEMY,

No. 40 Wisconsin Street, Milwaukee, Wisconsin

THE PRINCIPAL RESPECTFULLY informs the Public that the Winter Term of his School commences, Monday, December 8th, 1856.

This Institution, has been in successful operation for seven years. The Academic year comprises 4 terms of 11 weeks each, the first commencing on the 2d Monday of September.

The whole number of Students in attendance at present is 89.

PRIMARY DEPARTMENT.

A competent Female has charge of this department, and children are received at any age.

THE LADIES' DEPARTMENT

IN A SEPARATE ROOM,

Is under the superintendence of Miss. W. A. HALL. Young Ladies recite in Prof. L.'s classes in English Grammar, Rhetoric, Composition, &c., and are taught a neat and fashionable style of Writing. Instruction is given in Embroidery, Drawing, Music, Latin and German, and scholars are taught to read, write and converse in French daily.

C. F. L. takes pleasure in announcing to his friends and patrons the prosperity of this department during the past year. He pledges himself that it will be his constant aim to secure the greatest amount of intellectual and moral improvement, to those entrusted to his care.

COMMERCIAL DEPARTMENT.

This department is under the immediate charge of Prof. Larigo. Instruction is given in all the branches of a thorough English and Commercial Education, including the Higher Mathematics, French, Latin and German Languages, and is designed to prepare youth for college or for business life. Perfect facilities are afforded to young gentlemen for acquiring, in the most expeditious manner, a thorough knowledge of Commercial Science as practically employed in the Counting Rooms and Business pursuits generally.

The Full course embraces the most approved and practical forms for keeping Books by Double Entry, in the various departments of Trade and Commerce, including general Wholesale and Retail, Mercantile Exchange, Commission, Shipping, Individual Partnership and Compound Company Business with Commercial Correspondence in English, French and German. The Student is taught to copy all manuscripts in a bold and rapid hand, which serves as a great auxiliary to him in securing an excellent style of writing—a hand writing in every respect adapted to business pursuits is also warranted to every student who takes a full course with a Diploma.

Through the extensive business acquaintance of the Principal, many of his students obtain profitable situations.

Lady's and Gentlemen's French Class at 4½ P. M.—Latin Class at 7½ A. M.; German Class at 8 P. M. Evening Classes in Book-Keeping, Writing, &c., from 7 to 10.

☞ Students admitted any time, day or evening.—For further information see Circulars.

dec4-d184-dly C. F. LARIGO, Principal.

LESSONS IN Foreign Languages.

MR. AND MRS. L. S. B. DE CRETY, from PARIS, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. DE CRETY furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of the different exercises upon their health.

The continued patronage of the public is respectfully solicited.

TO MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

BAYLIES & LINCOLN'S Milwaukee Commercial College

212 and 214 East Water St.,

MILWAUKEE, - - WISCONSIN.

THE proprietors of the Milwaukee Commercial College would respectfully announce that the liberal patronage that has been extended to this deservedly popular enterprize has led them to extend the field of study, so that it will embrace every branch of a thorough Commercial Education. As there are no classes formed in any department of study—(thereby enabling the student to enter any time, each one receiving separate instructions)—the student, on entering, is placed in the Counting Room, with actual transactions to work from, thus making his education not merely theoretical, but practical to the last degree. The Commercial Course comprises Book-Keeping by Double Entry, in its various forms, as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, in stock, partnership, and compound Company business, Commercial Calculations in per centage, Exchange, Bank and Regular Discounts, Averaging, Accounts by Simple and Compound Equations, &c., according to the most approved methods. Commercial Correspondence, including account sales, accounts currents, drafts, bills of exchange, &c., &c.

Also, a perfect system of detecting Counterfeit Bank Notes, will be given to each student.

A good Hand Writing guaranteed to every person completing a full course.

During the Seasons, Lectures on Commercial Law will be delivered by eminent legal and business men, and no pains will be spared to make this department particularly attractive.

The Reading Room will be supplied with the various Daily and other papers and publications.

Particular attention will be given to Ladies who may wish to acquire a business education, and separate rooms have been beautifully fitted up for their use.

Merchants and other business men are informed that at any time, by a few days' notice, they can be supplied with competent Accountants, and young men will be assisted in procuring situations when desired.

For terms and other particulars please address

RODWAYS REAL ESTATE AGENCY.

W. H. RODWAY,

REAL ESTATE AGENT,

No. 12 Kneeland's Block.

For Sale in the First Ward.

A LOT, very nicely situated, overlooking the city and lake, on which is built a very neat Cottage, nearly new.

A lot 50x150 feet, near Prospect street, and one and a half story house.

A handsome Brick House and half lot.

A Brick House and two lots.

A lot on the corner of Kewaunee and Marshall sts.

Lot 12, block 61.

A lot on Waverly Place, Seventh Ward—a very desirable place for a residence.

Several 4, 5 and 10 acre lots in School Section.

The north half of lot 5, School Section, will be sold at a bargain, or given in exchange for an improved farm.

A choice corner lot in the Second Ward, about 3 minutes walk from the Post Office. An early application will secure a good bargain.

Several lots in Sherman's Addition.

Two River Lots in Sixth Ward will be sold cheap.

Lot 4, Block 182, Fourth Ward.

Half lot 16, Block 81, corner of Clybourn and Eighth sts., on which is a good House and Barn.

Lots 10 and 12, Block 101, 5th Ward, a decided bargain.

Two acres near the nursery; fronts on Elizabeth street, beautifully situated to cut up into city lots, or would make a choice location for a residence.

Six acres, 8 miles from Kilbourn Mills, on the Green Bay Plank Road—a good dwelling house, with cellar.

Twenty acres 1½ miles from the city limits, in a good state of cultivation.

Eighty acres of heavy timber land, 2½ miles from city limits.

Fourteen acres 8 miles from the city line, on the Lisbon Plank Road, on which is a good frame house and barn, and a well of good water. The whole of which is in a state of cultivation, and a choice variety of fruit trees.

Forty most desirable lots in the town of Brodhead. This town is beautifully situated, there being a depot of the M. & M. R. R. in it, and only 16 miles from Janesville.

720 acres of land on the Wisconsin River, 16 miles from Prairie du Chien, at the junction of the Wisconsin and M. & M. Railroad.

700 acres of land in Crawford county.

420 acres of land in Bad Ax county.

These lands lay first rate, and will be sold cheap and on very easy terms.

A good farm, containing 80 acres, about 5 miles from Milwaukee city, on which there is a good house—part under cultivation, and part very heavily timbered.

Eighty acres 2½ miles from the village of Stoughton.—The 80 acres fenced, 35 under cultivation; good hay barn and well, stable and out-houses. Price $1,400; one-half down; balance in 1, 2 and 3 years.

CHIPPEWA CO. LAND AGENCY.

WILLIAM J. YOUNG,

County Surveyor of Chippewa County,

OFFERS his services in locating Land Warrants on pine or farming lands.

Some good prairie land can yet be found in the lower part of the County. In the upper part there are the best of locations, timbered with Sugar Maple, Birch, Oak, Linden, &c. These last are in the immediate vicinity of the pineries, which will always afford an excellent market.

Send warrants to me by mail, and I will carefully locate them at the following reduced prices, to-wit:

160 acres,..........................$8,00
120 " 7,00
80 " 6,00
40 " 4,00

Pine lands, (of which there is yet considerable unentered,) $4,00 per 40 acres, whether in large or small quantities. An addition of one dollar per 40 acres will be required for Land Office fees.

Every location I will personally and carefully examine.

Prairie du Chien Land Agency.

THE UNDERSIGNED having purchased an interest in the Prairie du Chien, (lower town) offers on reasonable terms two hundred (200) lots, situated near the depot grounds of the M. & M. R. R. Co. I am ready to offer inducements that cannot be surpassed in the State, both as to price, terms and location, to all wishing to purchase a site for business or a desirable residence.

The City of Prairie du Chien being the

Terminus of the M. & M. R. R.,

and situated on the banks of the Mississippi river, tributary to which is the whole State of Iowa and Minnesota. It is unnecessary to make any comments, for it is too evident that it must be the second city of Wisconsin.

To any person wishing to make investments, I would say that I have the agency of a large amount of desirable lots owned by the American Transportation Company, in addition to my own, and hereby offer my services to any who desire to make an investment that will prove that

Prairie du Chien is the Point to Double Your Money in Twelve Months.

To my old friends, Railroad Conductors and all others, I will say—call and see me, and you will be sure to be rewarded.

Important to Lumberers, &c.

THE SUBSCRIBER is prepared to dispose of two licenses to cut timber on the north shore of Georgian Bay, Lake Huron, embracing an area of fifty square miles, or 32,000 acres each. One is situated on Serpent River, near the Bruce Mines. The other is situated at the mouth, and extends up the Shaw-en-e-ga River twelve miles, and belonging thereto is an almost unlimited water power, near the mouth of the river, up to which vessels of the largest size can ascend. A short distance up the river, the river widens, forming a place in which any quantity of logs can be boomed. The whole forming unrivalled facilities for carrying on a large lumbering business, and lying nearly on the direct line from Collingwood to Lake Michigan. For price, terms, &c., apply to the subscriber, at his office, West Water Street.

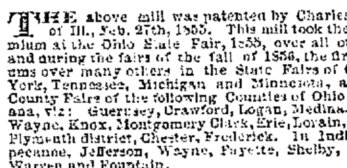
MISCELLANEOUS.

Every Man his own Miller.

PORTABLE CAST IRON GRAIN MILL.

Young America Improved and Perfected.



THE above mill was patented by Charles Leavett, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855–56, 3506 were made and sold in Ohio, at Zanesville, by Douglas, Smith & Co., Hall & Allen of Mansfield, Eldridge & Faulkner of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 3 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $55—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

HEALTHY BREAD!

MADE WITH

JAS. PYLE'S DIETETIC SALERATUS.

THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, thereby dealing destruction to thousands not aware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from infantile or contagious diseases. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS

Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after trying it.

It is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Furlong & Co., C. A. Folsom, Chapin & Gregory, Milwaukee; Ethridge, Shoemaker & Co., Madison, E. H. Jones & Bro., Fond du Lac, Wis; A. Gross & Coag, Chicago. JAMES PYLE,

MEDICAL.

R. R. R.

THE MEDICAL TRINITY.

EACH of Radway's Three Remedies possesses special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from its diseased condition to a healthy and happy state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammation and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Tooth-ache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventative for *Fever and Ague, Scarlet Fever, Smallpox, Croup, Hoarseness, Colds and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's Ready Relief will stop, and no system so crippled with infirmities but that the R. R. R. Remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalize its circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Biliousness, Melancholy, and will cure all organic disorders, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood but by its disturbed circulation, and the irregular action of the *heart.* Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. Mere purging in these cases will only aggravate the disease.

Radway's Regulators not only *regulates* the bowels, by which all diseased and injurious matter is purged from *the body,* but they control the whole system, and, hence, each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good—they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes, Tumors, Fever Sores, Skin Eruptions, Blotches, Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis, Consumption, Apoplexy, &c.; and all constitutional and chronic diseases, either inherited by hereditary transmission, or inoculated by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 193 East Thirty-Second st., had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with Influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

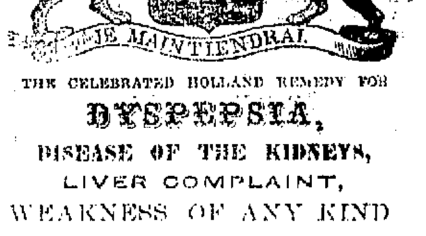
BOERHAVE'S HOLLAND BITTERS



THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,

LIVER COMPLAINT,

WEAKNESS OF ANY KIND

FEVER AND AGUE,

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
